

Aasen Vev – Flensvev

Double Weave Textiles Pricelist 2007-2008

These textiles are woven using a very special and difficult weaving technique called *Flensvev* also known as Double Weave. The fiber content is 100 % Norwegian wool. Using this special weaving technique or process actually creates two woven pieces of fabric that are woven together. This also creates a wall hanging with opposite colors on the front and back sides. While there is one “official” side you could choose to display it with either side out since both sides look perfect – just reversed in color.

Please note that we will use the word color BLACK... but this wool color is actually a Super dark brown but it looks black in these textiles.

Double weave COLOR CHART

Color # 1 is a BLACK background with a Red woven design

Color # 2 is a BLACK background with a Red and Gold design

Color # 3 is a BLACK background with a very light Gray (almost white) woven design

Color # 4 is a BLACK background with a Burgundy and Gold woven design

Please note that since all textiles are hand woven and are unique they will vary a bit. This only adds to their charm.

Sizes should be considered approximate and include the fringes. Prices shown include the iron hangers that are used for hanging and displaying your textile. We do not sell the iron hanger separately.

Double weave wall hangings pattern choices include:

Horse	25c X 50c/10"X20"	# 1, # 3	\$250
-------	-------------------	----------	-------

Please Note:

- ◆ All textiles are hand woven; therefore sizes do vary a bit.
- ◆ The iron wall hanger shown on wall hangings is included in the price.
- ◆ All textiles are special orders and may take approximately 4 to 16 weeks. Please call the store directly (612-339-0000) to see what we currently have in stock and available for immediate shipment.

Note on the care of your weaving: Contents are wool, so your textile should be dry-cleaned. When your textile is not in use and you are storing it, please do not fold it. This is very hard on the fibers. It is best to roll it around a tube (old paper towel or wrapping paper tube is perfect).
