

COLOUR COLLECTION

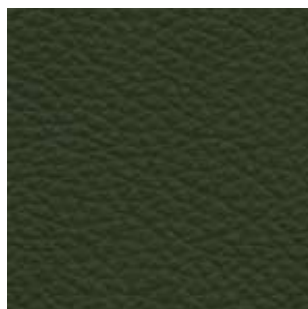

PRIME GROUP

DEFINITION:

PRIME is a top grain aniline-dyed and pigmented upholstery leather with a thickness between 0.9-1.1 mm. It has been slightly corrected and grain-embossed to give it a uniform appearance in both color and texture. The careful processing and protective top layer enhances the performance and longevity of this leather quality. Prime is therefore all about value and carefree maintenance.

P 311 WHITE

Note:

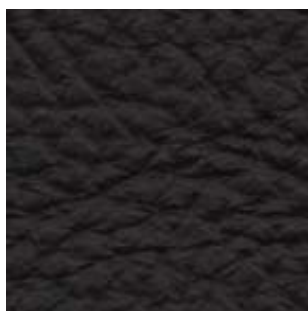

Leather is a natural product and every hide has its own unique characteristics. Color and grain nuances are normal and can vary from hide to hide. Common surface variations include scratches, wrinkles and healed scars. Color change will occur with time, due to use and the effect of light. Dye lot variations on micro fibre might occur between samples, floor stock and furniture delivered. Color change will occur with time, due to use and the effect of light. The appearance and color of the stain may vary depending upon the type of wood and individual grain patterns.

COLOUR COLLECTION

TREND GROUP

DEFINITION:

TREND is a premium top grain aniline-dyed upholstery leather with a rich and comfortable feel. The advance protection of Trend leaves the natural leather characteristics virtually unaltered. Trend has an even, natural, plain grain pattern with a thickness of around 1.0 mm. A protective finish has been added to minimize stains. Trend is the ideal choice for families that wish to enjoy the pleasure of comfortable quality leather that is robust and easy to clean and maintain.

COLOUR COLLECTION

CLASSIC & CLASSIC LUX GROUP

DEFINITION:

CLASSIC & CLASSIC LUX is a full grain aniline-dyed leather made from the best raw hides. These leathers are exceptionally soft with visible natural marks. Finished with oil for protection, look and hand. Slightly pull-up effect. The thickness of approx. 1 mm makes it an ideal leather for natural upholstery look. This natural leather breathes well and responds easily to body temperatures while the look and feel improves with age. With its luxurious feel and rich, warm, glow – Classic and Classic Lux are definitely the choice of those who demand the very best.

COLOUR COLLECTION

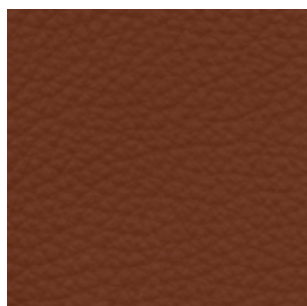

ELITE GROUP

DEFINITION:

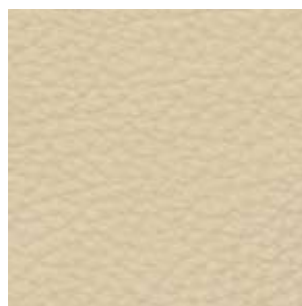

ELITE is a full grain aniline-dyed leather made from the best raw hide selection. Elite leather has an all natural heavy grain texture with visible natural marks. A very light surface treatment has been added for increased protection. The thickness between 1.4 to 1.6 mm of Elite contributes to its robust nature – yet Elite still remains pliable and soft. This natural leather breathes well and responds easily to body temperatures while the look and feel improves with age. With its luxurious feel and rich, warm, glow – Elite is the natural choice of those who demand the very best.
