

Nordland Weaving Pattern

The *Nordland* pattern or design originated in Northern Norway. It actually means North Land. This design was created in the 1800's. In the past, Scandinavian textile patterns were often named after the "first place" where they were woven, rather than by the first person to weave or create them. Therefore this pattern's name is *Nordland*. *Nordland* design runners are made of linen and wool using the skilbragd weaving technique. The linen is the most prominent which creates the off white background that features a wool design.

The *Nordland* pattern/design is available in the following hand woven items - *Loper/Runners* in two sizes and *Puter/Pillows* in one size.

All *Nordland* products are available in the color combinations shown on the color chart below.

Nordland Pattern Color Chart
