

Rana Weaving Pattern

The **Rana** pattern or design was created in the 1800's and originates from the northern part of Norway. Scandinavian textiles were often named after the "first place" where they were woven, rather than by the first person to weave or create them. There is an area in Northern Norway that is referred to as Rana- hence the design's name. It is woven using the Skilbragd weaving technique.

The **Rana** design is available in the one standard **Rana** color combination that makes it the "official" **Rana** textile. All items are hand woven of linen and wool.

The **Rana** pattern/design is available in the following hand woven items -

Please Note:

- ◆ All textiles are hand woven, therefore sizes do vary a bit.
- ◆ The iron wall hanger shown on wall hangings is included in the price.

- ◆ All textiles are special orders and may take approximately 4 to 16 weeks. Please call the store directly (612-339-0000) to see what we currently have in stock and available for immediate shipment.

Note on the care of your weaving: Contents are linen and wool, so your textile should be dry-cleaned. When your textile is not in use and you are storing it, please do not fold it. This is very hard on the fibers. It is best to roll it around a tube (old paper towel or wrapping paper tube is perfect).
