

Tronder Weaving Pattern

The **Tronder** pattern or design was created in the 1800's. It originated in the *Trondelag* area which is home to the city of *Trondheim*. In the past, Scandinavian textile patterns were often named after the "first place" where they were woven, rather than by the first person to weave or create the design. Therefore this pattern design is called **Tronder**. All *Tronder* items are hand woven of linen and wool and is woven using the *Skilbragd* weaving technique.

The **Tronder** pattern/design is available in the following hand woven items -

Note on the care of your weaving: Contents are linen and wool, so your textile should be dry-cleaned. When your textile is not in use and you are storing it, please do not fold it. This is very hard on the fibers. It is best to roll it around a tube (old paper towel or wrapping paper tube is perfect).
